There is a map located at www.cohuttalodge.com.

Via 75 to 575:

Allow at least 1 and ½ half hours for traffic. Travel 62 miles from Exit 126 (off 75) on Highway 575 (which becomes Highway 5).

Turn left, towards Ellijay, at the busy intersection with the Hardees sign with the giant yellow star to 76 West.

It dead ends quickly. At that point turn left following signs for 52 West into cute little Ellijay.

Entering Ellijay there is a round-about. Follow signs to 52 West by taking the 2nd right.

Go approximately 15 miles on a beautiful curving mountain road. Relax and enjoy the view.

There is a yellow & black sign on the left. After turning left, go directly into the retreat village. (For presenters, the conference room is a separate building, hidden from view, beyond the little retreat village.)
